Washington, DC 20554

Dear Mr. Evanoff:

Enclosed is an updated band plan for the Region 11 (Hawaii) 700 MHz Plan. The purpose of this update is to correct an error in the description of the center frequencies shown in the current plan.

Except as described above, no other changes have been made to the current plan and the existing channel allocations also remain unchanged. As such, it is our understanding that this matter can be processed as an administrative update to the existing plan.

If you have further questions regarding this matter, please do not hesitate to contact me or Everett Kaneshige, the Statewide Interoperability Coordinator for Hawaii at 808-733-4205 or everett.s.kaneshige@hawaii.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Warren Izumigawa".
